

LAB - Create Ansible Inventory File

```
ansible.cfg
1  [defaults]
2  inventory = hosts
3
4
5
6
7
8
9
10
11
12
13
14
```

```
hosts
1  [web_servers]
2  server1.ironhack.com ansible_user=root ansible_password='Pass@123'
3  server2.ironhack.com ansible_user=admin ansible_password='Pass@123'
4  server3.ironhack.com ansible_user=root ansible_password=pass
5
6  [db_servers]
7  db1.ironhack.com ansible_user=admin ansible_password='Pass@123'
8
9  [all_servers:children]
10 web_servers
11 db_servers
12
13 [local]
14 localhost ansible_connection=local
```

```
vijayagagla@DESKTOP-FP40P26:~/inventory_assignment$ ansible all --list-hosts
hosts (5):
